### BETWEEN YOU AND ME by Stanley Orris

We received a swell letter this week from an admirer calling himself or herself "An Amused Reader" and giving us a clue to why we were warned "to keep our mouth shut" a few weeks ago. We would certainly love to publish this letter but as it did not contain the name of the sender we will have to forego the pleasure. It is against the rules of newspaper publishing to print a letter without the editor knowing who wrote it. So if "Amused Reader" will let us have a clue to his identity (not for publication but just for record) we will be glad to print it in next week's issue. Come on-pal, break down and tell us—we feel the same as you do.

For the past two weeks or so we have been missing something and have not been able to just decide what it was. Everything seemed so smooth and comfortable without any worries. But when we heard that Pete Holm was out of the hospital and would soon be around again we knew what it was. Every time we meet Pete on the street he kids us what a rotten paper we get out. This makes us mad and just to show him we try and get out something extra good. So if our customers notice any improvement in the paper the next couple of weeks they'll know Pete has been badgering us again.

We believe commendation to the village council is in order for their excellent handling of the Halloween situation. There was less damage done this year than in any previous year. The boys and girls no doubt felt the call of patriotism, but we believe the disposition of special constables about the town also had a restraining influence.

### STOP PRESS NEWS

At press time we learn that Champion-Carmangay Unit of the Victory Loan Drive have more than reached their Quota with \$51,000 subscribed and more to be reported today. The quota was \$49,000.

## Vulcan Airport Opened

Friday afternoon and evening the Instructors Flying School at Vulcan Airport held open house for visitors when the school was officially declared open by the Lieutenant-Governor. During the afternoon the opening ceremony was held, a flying display witnessed, and an opportunity to visit and inspect the complete establishment was given to the many thousands of visitors.

In the evening a dance was held in the drill hall which was very well attended. The R. C. A. F. proved themselves excellent hosts. Those who attended were unanimous in their appreciation.

A very large portion of the population of Champion and district journeyed to the airport for the occasion.

### Local Notes

Roy Hummon has asked the Chronicle to advise all farmers who have scrap that is too heavy or bulky to bring in, that arrangements have been made to have a man in Champion shortly to cut this material up on the farm. If you have any scrap to be cut leave your name with Mr. Hummon.

Word has just been received that Miss Tilley Fath has been accepted for service by the WRENS, the Women's Auxiliary of the Navy Forces. She is stationed for the present at Galt, Ont.

Mrs. P. Goodman, Sam and Jackie spent the week-end in Calgary.

Mr. and Mrs. T. Brundsen, of Calgary, were visitors at the home of Mrs. A. Chaproniere last week.

### Trees for Planting

As in years past the farmers of Alberta will once again have the opportunity of receiving free of all cost (except express) trees for planting on the farm. Quantities are limited and applications must be in before January 31, 1943. They should be made to the Director of Forestry, Administration Building, Edmonton. Further information as to varieties of trees and purposes may be had at the Chronicle office.

## Editorials

### R. C. A. F.—VULCAN AIRPORT

Those who attended the opening of the Vulcan Airport last Friday could not help but be impressed by many things they witnessed.

Most impressive was the fact that what was just a farm a year ago was now a very modern and complete air training and flying establishment.

Impressive were the buildings which housed not only there personell and the equipment but also a hospital, a firehall and all the other miscellaneous buildings found in a very complete up-to-date city.

Most impressive of all were the boys and men who make up the station. From all over Canada and all over the Empire and the U. S. are boys who just a year or so ago were office workers, farm hands, and a host of other things who are now mechanics, flying officers, etc. There were boys there who had been shot down in many of the theatres of this war. There were boys there who had never been away from home before. They are a very democratic lot and we could not help but feel a great pride and thankfulness and confidence in them. They are fighting our Battle and if we at home will only back them up with the same thoroughness and cheerfulness they display, the outcome of this war can only be victory.

### NINE O'CLOCK CURFEW

The village council is making an effort to have all children under the age of 16 off the streets by nine o'clock at night. Such a ruling is in effect in a great many localities and on our part we believe it is a good move. In the winter time nine o'clock of an evening is plenty late enough for young children to be allowed outside. We presume, however, this does not apply to children accompanied by their parents while shopping or on the way to or from visiting or entertainments.

The worst men often give the best advice.

—Bailey.

WEAR YOUR COMMANDO DAGGER  
... it is a symbol indicating that you have bought the new Victory Bonds.

## The Safest Way to Invest Your Money

# VICTORY BONDS REPAY ... Every Dollar You Invest!

When you buy Victory Bonds you are laying up for yourself the best of all investments, for back of each one is your country's solemn promise that every dollar you invest in Victory Bonds will be repaid to you in full, plus a fair rate of interest. You can borrow against them, and they are readily saleable when you need the cash. And that solemn promise of repayment in full is backed by all the vast resources of the Dominion of Canada.

When the war is over, you will want to buy all the things we must deny ourselves now. Then, your Victory Bonds will give you the money to buy all these—and your purchases will provide new employment for our boys when they come home again.

What's your share of the savings job? Well, the average Canadian would have to lend to Canada to meet Canada's need \$1 in every \$5 of income left after taxes and compulsory

savings have been collected. But the average may not fit your case. Your own circumstances are distinctly your own. You may be able to do better both out of your current income and out of your accumulated savings in the bank—or you may not be able to reach the average. Your share of voluntary savings is every dollar you can possibly spare.

### HOW TO BUY

Give your order to the Victory Loan salesman who calls on you. Or place it in the hands of any branch of any bank, or give it to any trust company. Or send it to your local Victory Loan Headquarters. Or you can authorize your employer to start a regular payroll savings plan for you. Bonds may be bought in denominations of \$50, \$100, \$500, \$1,000 and larger. Salesman, bank, trust company or your local Victory Loan Headquarters will be glad to give you every assistance in making out your order form.

## The Chronicle Tobacco Fund

This fund is for the purpose of sending cigarettes regularly to the boys of the district serving overseas in Canada's forces.

It is planned to send 300 cigarettes each month to each boy.

Money will be collected by voluntary donations made direct to the Chronicle which will be acknowledged in the paper, and through receptacles to be placed in all places of business.

Every cent of money collected will go directly for purchase of cigarettes as the Chronicle is assuming all expenses in connection with the fund.

The local I.O.D.E. chapter has kindly consented to administer the fund, that is, they will handle all monies, book-keeping and ordering.

Donations, distribution and expenditures will be published regularly in the columns of this paper.

No donation is too small to help in this work. Won't you plan to help see that our boys get enough smokes?

Bring or send a donation in NOW to

## Seed Supplies

The varieties which make up our wheat, oat, barley and flax crops have changed with extraordinary rapidity during the past few years. The changes have nearly all been improvements, and for this we must thank the plant breeders and other agricultural scientists. Since pure stocks of some varieties will not be equal to the demand, now is the time to begin thinking about purchases.

A farmer may be obliged to obtain new seed because the quality of his own is inferior. It may be frozen, sprouted, shrunk, etc.; or replacement may be necessary as a result of mixtures or weed seeds which cannot be removed. In such cases, replacement may be made with pure seed of the same variety. The sooner orders are placed, the easier it will be to get really first-class stocks.

If a different variety is required, the farmer may know exactly what he wants. Even though he does, it is a good plan to consult the Provincial Department of Agriculture, Field Crops Branch, or the Provincial University or nearest Dominion Experimental Farm. You are certain to get helpful information since these organizations are well posted on the latest experimental results.

Elevator agents of Line Elevator Companies associated with this Department are authorized distributors of seed for Manitoba, Saskatchewan and Alberta Crop Improvement Associations. As soon as official variety recommendations are available, they will be in elevator agents' offices.

**Christmas Overseas**  
**Mail Nov. 10**

The Post Office Department has announced that Christmas mails to the Overseas Forces must be posted not later than 10th November. A huge volume of Christmas mail for the Canadian armed forces overseas is anticipated and it is advisable that gifts should be sent now—the earlier the better—to ensure timely delivery.

Parcels should be packed well and no fresh fruits should be enclosed. It is illegal to enclose matches, safety matches, lighter fluid or any other inflammable substance. Such a practice endangers all other parcels. Any postmaster will give details concerning the regulations governing the sending of parcels or letters overseas to the fighting forces. The weight limit for parcels to members of the Canadian fighting forces overseas is 11 pounds; to civilians, five pounds.

## CADET NOTES

Regular cadet parades will be held every Wednesday evening. Last year cadets will receive uniform grants at second parade in November. Measurements for uniforms should be brought in as soon as possible.

Winner of Target Practices will receive Marksmanship button.

**HERE IS  
THE  
BLUEPRINT**

The co-operative movement is democracy in business. As it depends on human agencies to conduct it, it can never be perfect, but it is a long way ahead of the capital stock company and the modern trust corporation.

Co-operation does not exist in law or in formula. It exists in the minds and hearts and purposes of the people. It is founded on mutual confidence and trust. With the development of these ideals people can make a success of co-operation.

The Alberta Wheat Pool is a creation of the farmers of this province. It has demonstrated its efficiency as a business organization and also its adherence to the co-operative principles. To make it a greater success than ever, it needs the interest and support of a greater number of the farm people of this province.
